WING ARMCHAIR

Product Image

Description

Hans J. Wegner design for Carl Hansen, 1960. The Wing or CH445 armchair is built around a solid beech frame with legs in polished stainless steel. Upholstered in foam and covered with fabric or leather choices. A chair of outstanding comfort. The wings provide superior support for upper back, neck and head. The roomy seat, back and armrests afford freedom of movement and multiple sitting positions. Available in the customer’s choice of fabric or leather. Dimensions: L90 * P97 * H103 cm. Seated at 39 cm. Also available: Footrest, CH.446.
